

# Doomagorgon

(AAX, AU, CLAP, VST3)

produced by Luca Capozzi (Audiority Srl), June 2024

**Current Manual version: v1.0**

**Doomagorgon** is the most brutal octave fuzz and distortion pedal we ever made. This is our take on one-half of a Boss® FZ-2™ (the Univox™ SuperFuzz channel) and one-half of the HM-2™ to create the ultimate two-headed infernal riff beast.

It can go from deep fat octave-fuzz doom and sledge tones, up to tight modern death metal chainsaws with just the turn of a knob.

We went ever further by adding a transposer, a “FILTH MOD” (doubling down distortion and scoop for the fuzz channel) and a “RAT MOD” (to switch the chainsaw channel from a smooth overdrive to a RAT-like hard clipping distortion).

Please, read carefully both product specifications and system requirements **before** purchasing any **Audiority** product.

## PLUGIN ACTIVATION

Once you install and open the plugin for the first time, it will be in **Demo Mode** until a license file is loaded. In Demo Mode the plugin will output 3 seconds of silence every minute.

You can activate the plugin either OFFLINE or ONLINE.

### OFFLINE ACTIVATION

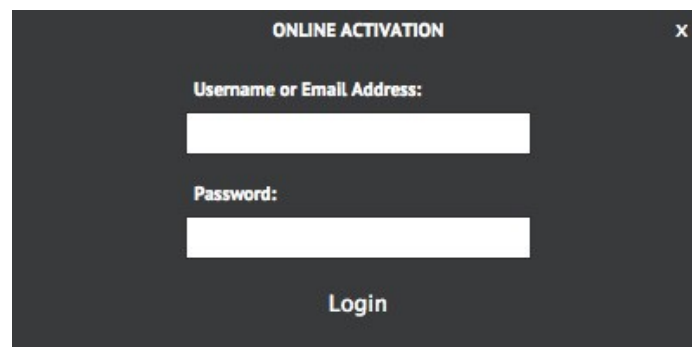

If you purchased the plugin from our site, you should have received an email to download the installers and the license file. Save the license file you got with your purchase email (or via our User Area) anywhere on your computer.

Then, to activate the plugin, click on the **Audiority** logo and select “**Register**”. The Registration window will pop up allowing you to load the license file you got while purchasing the plugin by clicking the “**Load License**” button. Alternatively, you can drag and drop the license file on the registration window.

**NOTE:** If you purchased the plugin from one of our dealers, please check the “**USER AREA AND REDEEM CODES**” section below.

### ONLINE ACTIVATION

If you are registered to our User Area, then you can activate the plugin online.

Insert your Username (or email address), your password and click the “**Login**” button. The license file will be automatically delivered in your computer and the plugin will be activated.

## USER AREA AND REDEEM CODES

If you purchased from one of our dealers, then you should have received an email with a redeem code. This code is required to deposit a license in your User Area account and let you download the license file or activate the plugin online.

If you don't have an User Area account yet, please follow these steps:

- 1) Go to <https://www.audiority.com/register> and fill out the signup form.

**IMPORTANT:** Please be sure to register with the **e-mail address you use for your purchases**, otherwise your products will not show. Since we use reCAPTCHA for registration only, please temporarily disable any ad blocker you are using.

**Username**

**First Name**

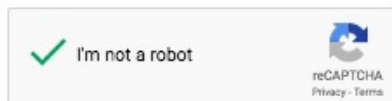

**Last Name**

**Purchase E-mail Address**

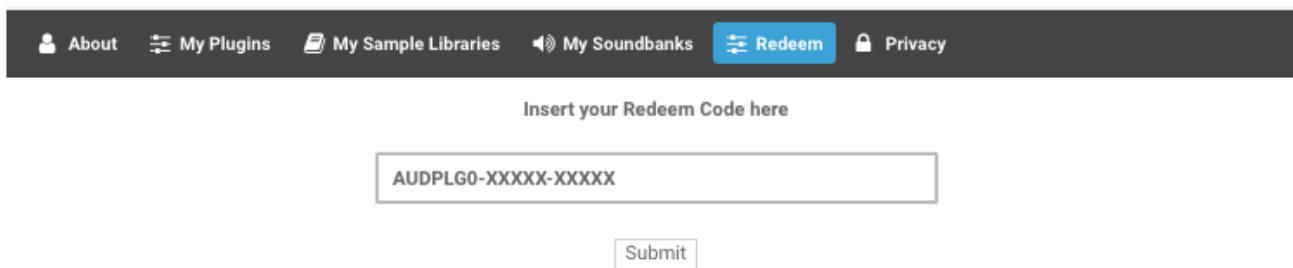

**Password**

**Confirm Password**

I read and agree to the Privacy Policy and Terms of Use

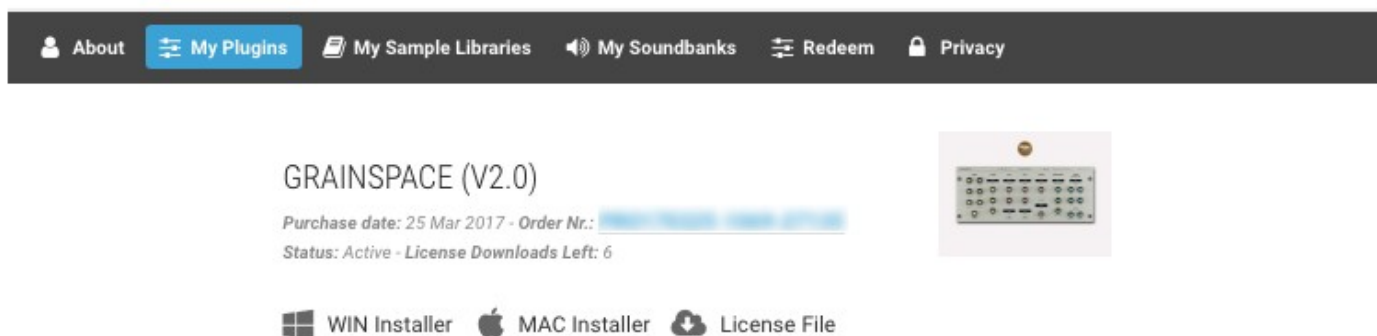

2) Once registered, log in to your account by clicking the User Area section of our site. Click the **REDEEM** section of your account and paste the code you received via email from our dealer.

The screenshot shows a dark navigation bar with links for 'About', 'My Plugins', 'My Sample Libraries', 'My Soundbanks', 'Redeem', and 'Privacy'. Below the navigation bar, the text 'Insert your Redeem Code here' is centered. A text input field contains the placeholder code 'AUDPLG0-XXXXX-XXXXX'. Below the input field is a 'Submit' button.

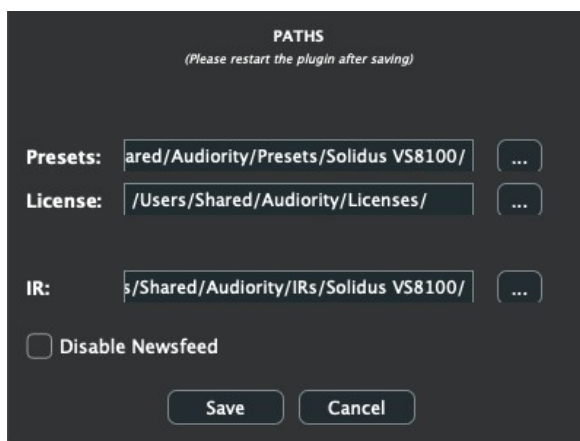

3) After submitting the code, a license will be deposited in your account and will be shown in “**MY PLUGINS**” section of your User Area.

The screenshot shows the 'MY PLUGINS' section of the user area. The navigation bar is highlighted with 'My Plugins' selected. The main content area displays the plugin 'GRAINSPACE (V2.0)'. Below the plugin name, it shows 'Purchase date: 25 Mar 2017 - Order Nr.: [redacted]' and 'Status: Active - License Downloads Left: 6'. To the right is a small image of the plugin's interface. Below the plugin details are three download options: 'WIN Installer', 'MAC Installer', and 'License File'.

4) Now you can click “License File” and save the license anywhere on your computer and ready to be loaded through the plugin registration window. You can also skip this part and activate your plugin online (see previous section of this manual).

## USER PATHS SETTING

The screenshot shows a 'PATHS' settings dialog box with a dark background. At the top, it says 'PATHS' and '(Please restart the plugin after saving)'. There are three rows of settings, each with a label, a text input field, and a button with three dots: 'Presets: [redacted/Audiority/Presets/Solidus VS8100/]', 'License: [/Users/Shared/Audiority/Licenses/]', and 'IR: [redacted/Shared/Audiority/IRs/Solidus VS8100/]'. At the bottom, there is a checkbox labeled 'Disable Newsfeed' and two buttons: 'Save' and 'Cancel'.

By selecting “**Settings**” from the logo menu, you can change the path for **Presets**, **License** and **IR** folders. You can also disable our Newsfeed from here.

**Note:** Please do not move the **Settings** folder from its default location.

# Plugin Parameters

## TOOLBAR

The Toolbar allows you to manage the plugin presets, register the plugin and set some global parameters.

By clicking the **AUDIORITY** logo, in the top left corner of the Toolbar, you'll be able to visit our website and social profiles, register the plugin, change the interface size and customize the paths for license and preset files.

The **HQ** button will enable oversampling, useful to reduce aliasing when the signal saturates. Use the **Randomize** and **Reset** buttons to experiment with random presets or restoring it to its saved version. Right-click on each knob to see locking options.

If and only if your Software is purchased through a Audiority Authorized Dealer or Distributor, Audiority, as Licensor, grants you, as an end user Licensee, a non-exclusive license to use the Software (which includes computer software, updates and any bug fixes subsequently delivered and associated media, printed materials and "online" or electronic documentation).

### 2. Title.

The Software is owned by Audiority or its Suppliers as applicable, and is protected by copyright laws and international treaty provisions, as well as other intellectual property laws and treaties. Audiority (or its Suppliers, as applicable) retains title to and ownership of the Software and all copies, as well as any rights not specifically granted. The Software may include technological measures that are designed to prevent or detect unlicensed use of the Software. Circumvention of these technological measures is prohibited, except and only to the extent that applicable law expressly permits, despite this limitation. Any attempt to circumvent technical limitations may render the Software or certain features unusable or unstable, and may prevent you from updating or upgrading the Software.

#### (iv) No reconfiguration.

The Software is licensed for installation and use only in the manner it was provided to you, as configured by an automated installation program provided with the Software, or as described in Audiority's Documentation. You may not separate the components contained in the Software or otherwise reconfigure the Software to circumvent technical limitations on the use of the Software or to otherwise exceed the scope of your license.

Audiority does not collect or retain any financial information from or about You (such as payment card information).

### 7. License Transfer.

Except if otherwise stated within this EULA, Licensee may resell the software to a third party or transfer the software permanently if the Licensee purchased the Software from any Audiority store or from any Audiority Dealer. Audiority reserves all rights to deny any requests for the transfer of this license, and may institute transfer fees and policies as it sees fit at the time of any request for the transfer of this license, if the Licensee purchased the license from another Licensee. By transferring a license, the third party agrees in writing with this EULA and Licensee ceases all use of the software, completely removes all installed copies of the software from its computer and – if the software was not purchased via download – deletes or transfers the original data storage to the third party (if Licensee is not obliged to a longer storage by law). NFR (not for resale) copies, including freeware products, free bonus products, and giveaway copies, cannot be resold. IN NO EVENT SHALL AUDIORITY'S TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE EXCEED THE AMOUNTS RECEIVED FROM YOU FOR YOUR LICENSE OF THE SOFTWARE.

#### 10. Termination.

To the extent permitted by law, and without prejudice to any other rights Audiority may have, Audiority may terminate your license if you materially breach these terms and conditions.
